To promote academic excellence
To improve chances for employability of learners
To empower, specifically, girl students
To sharpen people & communication skills
To support economically challenged learners
To offer a wide variety of options in terms of
subject choice
To enable students to be Dreamers,
Believers & Achievers
To create a brand image.

QUALITY POLICY

LEARNING ENVIRONMENT: Providing
Infrastructural, Technological & Intellectual
facilities that promote a positive learning
environment.
CONTENT: Delivering Curriculum that is User
Friendly, User Relevant and User Urgent
PROCESSES: Through Innovative
Student-Centric Methodologies
OUTCOMES: Realization of Objectives
LEARNER: Holistic Development

DREAM. DARE. DESERVE.

Chairman's Message

'Good is not good enough when better is expected.'

Since its inception in 1993, Dnyan Prabodhini Mandal's Shree Mallikarjun College has grown by leaps and bounds. From the Academic Year 2018-19, we have introduced Science Stream. With Passionately Performing Faculty supported by Able Administration under the Vibrant Leadership of Dr Manoj Kamat, Excellence is bound to become a Habit. The Culture of Commitment, Concern and Care nurtured by the Management is ensuring that people are propelled by passion to perform to the best of their ability. It is our pleasure and privilege to be able to bring about a Positive Transformation in the Student Community comprising of First Generation Learners, Marginalized Sections of Society and the majority belonging to the Feminine Gender. Hard-work has led to Accolades in Academics; Creativity marks our Cultural Activities; we Sparkle in Sports Arena; Discipline and Dynamism is displayed by our NCC Girl Cadets; Service with a Smile marks our NSS Volunteers; our MoUs with various NGOs provide opportunities in Community-Building, Counseling, Gender Sensitivity, Women Empowerment, Health Care, and other initiatives. Internships provide on-the-job learning opportunities making our students career-ready. What makes us stand apart is we do not rest on our laurels. The enemy of the Best is Good. And therefore, while we appreciate the good that we have, we continually strive to be better. Your well wishes and support will enable us to create empowered learners who would live a life of purpose and contribute towards the development of nation.

Shri. Ramdas Mazalkar
Chairman, Dnyan Prabodhini Mandal.

Together
Towards
Tomorrow

“If you think you can, you can.
If you think you can't,
Join Shree Mallikarjun College.
And you will be able to do it.”

This is the confidence that we generate.

Visibility is of essence
in today's world of stiff competition.
Our Students learn to blend in as well as stand out.

Our students commit, connect and care;
And for learning their love they share.
Our Faculty Ideate, Innovate and Inspire.

Our Culture is
Collaboration, Cooperation and Competition.
Inclusiveness, Equity and Fairness are in our nature.
Extension Activities are a regular feature.

Opportunities for Empowerment
in our institute abound;
Majority of Girl students
in our campus are to be found.

We welcome First Generation Learners
from Marginalized Community;
And find that they have
Interest, Ability and Integrity.

Empowering Youth
for National Development
is our goal;
Towards this we are united
in mind, body and soul.

Dr. Manoj Kamat
Principal

INSTITUTIONAL VALUES

COLLEGE MASCOT & ITS PHILOSOPHY

The eyes
catch a glimpse of
beyond the valley of doubt.
of chance, where there is no
numbers. Open wings exposed
disbelief, the dreamer goes alone.
the norm, to discover life.

of the eagle
distant dreams,
Enters blue skies
guarantee of safety in
to winds of ridicule and
Few will ever soar beyond
Unwilling to ascend the blue,

or just afraid of the fall, the fearful cling to ground. All born
with wings meant to grow with use, have become a
social scorn. It has always been easier
to despise the attempt of another
than to depart the earth
oneself. Be all you were
meant to be, not what you
are told to believe.

ENVIRONMENT POLICY

We believe with Zeno (335 B.C.) that "The Goal of life is living in agreement with nature".

Therefore, we are committed to meeting the needs of the present without compromising the ability of the future generations to meet their own needs.

Our Focus Areas include:

- Eco-friendly Designs
- Sustainable Procurement
- Energy Efficiency
- Pollution Prevention
- Water Conservation
- Paperless Office
- Bio-diversity
- Green Travel

A good teacher is one who becomes progressively unnecessary!

**TEACHING
LEARNING**

Education is an investment in the present for the future. It is our endeavor to provide education that is User Urgent, User Relevant and User Friendly. Our emphasis is on adopting Student-Centric Learning Methods. Our Approaches towards learning are based on:

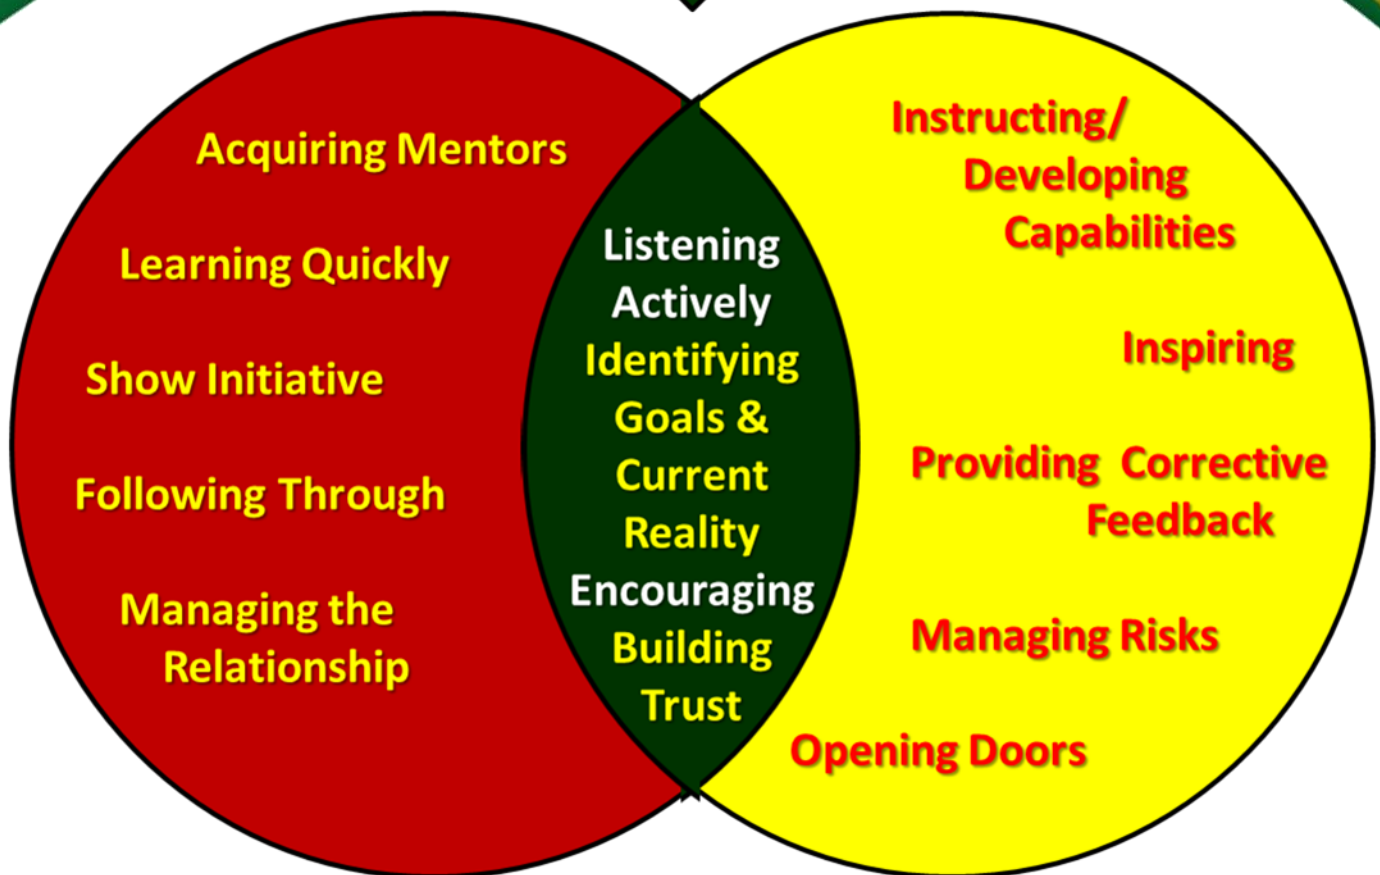

- Andragogy: The way Adults learn
- Heutagogy: Self-Directed Learning
- Digigogy: Learning using Digital Tools

SELF-DIRECTED LEARNING

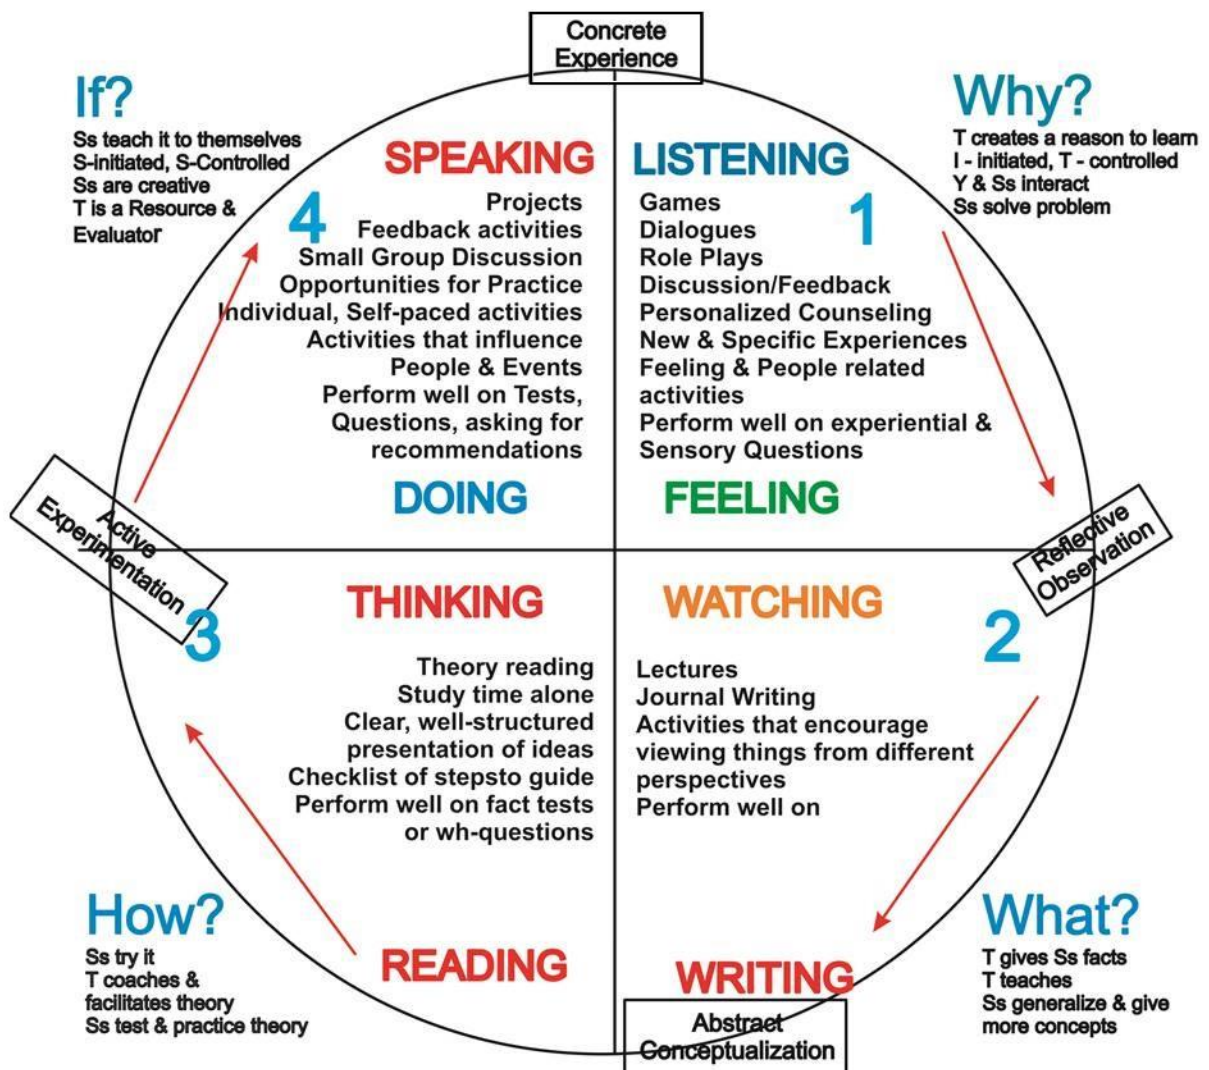

THE FLIPPED CLASSROOM

Flipped Classroom or Flipped Teaching is a form of Blended Learning in which students learn new content online by watching video lectures, usually at home, and what used to be homework (assigned problems) is now done in class with teachers offering more personalized guidance and interaction with students, instead of lecturing. This is also known as Backwards Classroom, Inverted Classroom, Reverse Teaching and the Thayer Method.

KOLB'S LEARNING STYLES & CLASS ACTIVITIES

THE 7 STYLES OF LEARNING

VISUAL (SPATIAL):

You prefer using pictures, images, and spatial understanding.

- Use images, pictures, color and other visual media to help you learn
- Use color, layout, and spatial organization in your associations, and use many 'visual words' in your assertions.
- Use mind maps
- Replace words with pictures, and use color to highlight major and minor links

SOLITARY (INTRAPERSONAL):

You prefer to work alone and use self-study.

- You prefer to learn alone using self-study
- Align your goals and objectives with personal beliefs and values
- Create a personal interest in your topics
- When you associate and visualize, highlight what you would be thinking and feeling at the time
- You drive yourself by the way you see yourself internally
- Modeling is a powerful technique for you
- Be creative with role-playing
- Your thoughts have a large influence on your performance and often safety

AURAL (AUDITORY-MUSICAL):

You prefer using sound and music.

- Use sound, rhyme, and music in your learning
- Use sound recordings to provide a background and help you get into visualizations
- When creating mnemonics or acrostics, make the most of rhythm and rhyme, or set them to a jingle or part of a song
- If you have some particular music or song that makes you want to 'take on the world,' play it back and anchor your emotions and state.

SOCIAL (INTERPERSONAL):

You prefer to learn in groups or with other people.

- Aim to work with others as much as possible
- Role-playing is a technique that works well with others, whether its one on one or with a group of people
- Work on some of your associations and visualizations with other people
- Try sharing your key assertions with others
- Working in groups to practice behaviors or procedures help you understand how to deal with variations

VERBAL (LINGUISTIC):

You prefer using words, both in speech and writing.

- Try the techniques that involve speaking and writing
- Make the most of the word-based techniques such as assertions and scripting
- Record your scripts using a tape or digital audio recorder (such as an MP3 player), and use it later for reviews
- When you read content aloud, make it dramatic and varied
- Try working with others and using role-playing to learn verbal exchanges such as negotiations, sales or radio calls

PHYSICAL (KINESTHETIC)

You prefer using your body, hands and sense of touch.

- Focus on the sensations you would expect in each scenario
- For assertions and scripting, describe the physical feelings of your actions.
- Use physical objects as much as possible
- Keep in mind as well that writing and drawing diagrams are physical activities
- Use role-playing, either singularly or with someone else, to practice skills and behaviors

LOGICAL (MATHEMATICAL)

You prefer using logic, reasoning and systems.

- Aim to understand the reasons behind your content and skills
- Create and use lists by extracting key points from your material
- Remember association often works well when it is illogical and irrational
- Highlight your ability to pick up systems and procedures easily
- Systems thinking helps you understand the bigger picture
- You may find it challenging to change existing behaviors or habits
- If you often focus from analysis paralysis, write 'Do It Now' in big letters on some signs or post-it notes

Scholarship/Financial Assistance

Post Matric Scholarship for ST students

Gagan Bharari Scheme for St students

Merit-based Award for ST students

Post Matric Scholarship for OBC/SC

Student Aid Fund

Economically Backward Class Scholarship
