REPORT OF CERTIFICATE COURSE 2019-20

Department of Mathematics and Information Technology conducted a 30 Hour certificate course on "LIFE SKILLS COURSE IN MENTAL ABILITY" with the objective to sharpen mental ability and computing skills of students so that they are prepared for professional careers.

This course actually began in the month of August 2019 where very few students could attend it as per the given time table. Therefore in the month of August, I conducted the classes for this course informally during Recess (break time) since students were in need of coaching classes of Mental Ability as they were answering **Indian Air Force Entrance Exam** in September 2019. The students' keen interest encouraged me to plan this course again after completion of odd semesters examinations during winter vacation from 09/11/2019 to 22/11/2019. A total of 54 students from classes F.Y.B.Sc./F.Y.B.COM./S.Y.B.COM. and T.Y.B.COM. have successfully completed this course. National Level tests papers were solved and the students were also provided with necessary materials to hone their skills further. All participants were assessed by conducting a test at the end of the course. Students performed well in the test conducted on 09/01/2020 & 25/01/2020. The certificates will be issued to all 54 participants by the college.

Advantageous students were very happy upon this course and had suggested in their feedback to conduct more such courses for more number of students in future. Welcoming students' suggestions, we will focus on conducting more of such activities for a larger number of students for their benefit in future.

Mrs Tanuja Fal Desai and Ms Yugandhara Joshi were the resource persons of this workshop.

I thank principal Dr Manoj Kamat for allowing me to attain the objectives of the department by having this course.
