**Brief Report:**

Dr. Jagmohan Singh briefed that the establishment of IQAC (after First Cycle) is a major step in pushing long-term quality standards. IQAC is a significant administrative body that is responsible for all quality matters. It is the prime responsibility of IQAC to initiate, plan and supervise various activities that are necessary to increase the quality of the education imparted in an institution or college. The role of IQAC in maintaining quality standards in teaching, learning and evaluation becomes crucial, and the present research is therefore undertaken on a smaller scale to determine the exact status. IQAC becomes a part of the institution's system and work towards realization of the goals of quality enhancement and sustenance.

Dr. F.M.Nadaf highlighted IQAC Objective and Strategies. Dr. Nadaf mentioned that the Prime objective of the IQAC is to develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution. IQAC involves in the procedure such as

- Ensuring timely, efficient and progressive performance of academic, administrative and financial tasks
- Optimization and integration of modern methods of teaching and learning.
- Ensuring the adequacy, maintenance and functioning of the support structure and services.

Shri Vividh Pawaskar highlighted on major functions of IQAC as follows :

The Lalit Golf & Spa Resorts, Canacona Goa

**Brief Report:**

Experiential Learning deals with individual's direct experience. According to Kolb, Knowledge is continuously gained through both personal and environmental experiences. The speaker of the session Mr. Axat Sharma said that in order to gain genuine knowledge from an experience, the learner must have four abilities:

- The learner must be willing to be actively involved in the experience;
- The learner must be able to reflect on the experience;
- The learner must possess and use analytical skills to conceptualize the experience; and
- The learner must possess decision making and problem solving skills in order to use the new ideas gained from the experience.

Resource person briefed that most Most educators understand the important role experience plays in the learning process. The role of emotion and feelings in learning from experience has been recognised as an important part of experiential learning.<sup>[17]</sup> While those factors may improve the likelihood of experiential learning occurring, it can occur without them. Rather, what is vital in experiential learning is that the individual is encouraged to directly involve themselves in the experience, and then to reflect on their experiences using analytic skills, in order that they gain a better understanding of the new knowledge and retain the information for a longer time.

**Brief Report:**

The session was conducted on Art of Teaching. Teaching as an Art which exhibits many ways. Teacher uses many creative ways to teach the students which are best for them. Teachers are not standardized products. What is applicable for one teacher, might not work for others. All the teaching strategies should be adopted and adapted to meet particular teaching situation and their personal teaching style. Sometimes teaching may be monotonous and boring and the teacher may face harder time. However, teaching needs a scientific background or base.

Guest/ Keynote Speaker : Shri. John Silveira, State Coordinator, National Skill Qualification Framework

**Brief Report:**

Keynote Speaker mentioned that Attitude is created by our thoughts and we normally choose our thoughts. We are the architecture of our life and frame of mind. We take the decision from our mindset whether it is positive or negative. Attitudes are associated with beliefs and behaviour towards some subject. Attitudes are not stable. Our behaviour and interactions with others determines our 'height in life' and our success in our life. If we want to be successful in any area of life, we have to behave well, we have to interact with others in the right way, otherwise, we will lose our elevation and have to be prepared to have a shoddy life.

IQAC Coordinator welcomed and proposed vote of thanks.

### Brief Report:

“Etiquettes & Mannerism” themed programme was conducted for the non-teaching staff to make them understand the importance of following work ethics and manners while on work. Ethic is a set of standards of behavior and beliefs regarding what is and isn't acceptable.

The speaker of this session Ms. Domitel D’Souza talked about how work ethics is important, she also emphasized that work ethic is a belief that work and diligence have a moral benefit and an inherent value to strengthen character and individual abilities. It is a set of values centered on importance of work and manifested by determination or desire to work hard.

Resource person also briefed that good office manners mean simply knowing how to behave in a way that doesn't make the people around you uncomfortable. Being mindful of those around us can enhance our job prospects and can help us get ahead more easily, both in the workplace and in life. The Non-teaching staff highly benefitted through this session.

### **Brief Report:**

FDP on “Telephone Mannerism” for the non-teaching staff was conducted. The Resource person was Mr. Vividh Pawaskar, HOD of English Department.

The speaker of this session explained the term Telephone Mannerism and how it works for the non-teaching staff at the workplace. Sir said that we need to always keep in mind that effective telephone etiquette requires you to be: prepared, present, polite, patient, personable, professional, and proactive.

He further gave explanation of all the 7 P’s and also highlighted some Do’s and Don’ts.

DO – Smile when you talk to people. Although they might not be able to see you, a smile can be heard in your voice and the caller will be much more relaxed in their conversation with you.

DON’T – Be distracted. Although the caller may not be able to see what you’re doing, if they don’t have your full attention it will be heard in your tone and responses.

DO – When you answer the phone, greet the caller warmly and advise who they are talking to. Always answer the phone with your name at the end of your greeting.

DON’T – Shout or whisper. Being overly loud or overly quiet can make a phone conversation very awkward and might mean you don’t get all of the information to the person on the other end. Try and speak in a calm tone that will be easy to hear and understand.

DO – Speak clearly. You have something to say and the person at the other end wants to hear it. No one wants to repeat themselves many times during a conversation. Speak as clearly as possible to avoid this.

DON'T – Leave the caller on hold for too long. No one likes sitting on hold. If you leave your caller on hold for too long they may think they have been forgotten and may hang up.

The non-teaching staff found the session interactive and highly informative.

**Brief Report:** Resource person gave a brief introduction on IPR and explained the various related terms such as copyrights, patents etc. The main purpose of intellectual property right is to encourage the creation of a wide variety of intellectual goods. These property rights allow the holder to exercise a monopoly on the use of the item for a specified period.

Workshop created great impact on the entire audience. Students were taught on how IPR restricts copying others ideas and how this will help the development of new ideas for the betterment of the society. Students learnt how IPR provides total control over a new innovation and its creator. They were also given a platform to discuss how small innovations influence societies at large and how they should indulge in innovating and patenting ideas that will be useful for all the classes of individuals in the society.

Brief Report: Dr. Sucheta Naik, Event convenor said Examinations have always been an important part of the total educational process. Examinations are designed and administered at different stages of education and their results are used for various purposes like improvement in learning, grading and classification of students.

Resource person Dr. Russel D'souza spoke on General Guidelines to the Paper Setter(s). The tests and examinations shall aim at evaluating not only the student's ability to recall information, which student had memorized, but also their understanding of the course, ability to apply the concepts in real life situations, analyze, evaluate and create information into a meaningful whole. The question paper would test the various levels of cognitive learning as per Bloom's Taxonomy. Some of the questions shall be analytical / applied and invite original thinking or application of theory. The paper setters should give wider choice to the students for answering questions, by providing alternate questions in each of the sections of the question paper.

### **Brief Report:**

Mr. Pravin Faldesai – Public Prosecutor of Bombay High Court made a detailed presentation on the Concept of GI, Geographical Indications of Goods (Registration and Protection) Act, 1999, how GI Act operates in India.

As per our Act, Geographical Indication refers to any indication that identifies the goods as originating from a particular place, where a given quality, reputation or other characteristics of the goods is essentially attributable to its geographical origin.

Mr. Pravin Faldesai also discussed about Goa’s GI tag Goa's famed alcoholic beverage Feni has been granted geographical indication (GI) tag which gives local producers exclusive brand protection rights. Other GI-Tags from Goa are Khola red chillies/Canacona Chillies, spicy Harmal Chillies, Myndoli Banana or Moira Banana, and traditional sweet dish Goan Khaje.

Mr. Pravin Faldesai further informed all the participants about application of registration under GI, how to apply for GI, who can be an applicant, registration process and procedure, benefit of GI etc. He further clarified the queries and doubts of the Members in the Program.

The training program presented a prime opportunity for all the participants to expand their knowledge in day-to-day administration. The training topics were relevant and the response was tremendous. The resource persons were of high standard and with rich experience. Employees received the necessary training and were better able to perform their job. The training boosted the employee's confidence and made aware of the responsibilities of the job as the non-teaching staff of colleges plays an important role in the smooth functioning of the colleges.

The invitation link to the Online Session was texted via Email and SMS. The participants were instructed to download the necessary Software (Google Meet) and ensure that their smartphones/laptops/desktop are connected to internet during the session. The participation certificates were issued to the trainees.

#### **Report on One Day Workshop on 'An Insight into Revised Accreditation Framework of NAAC'**

At the outset, Principal Dr. Manoj S. Kamat welcomed the gathering. Dr. Manoj Kamat emphasized on the importance of the Workshop as College is undergoing the NAAC Cycle II. The Workshop was conducted through Webinar mode due to the physical availability of the Resource Person Dr. Ganesh A. Hegde, Deputy Adviser at National Assessment and Accreditation Council (NAAC) Bangalore Urban, Karnataka, India.

Dr. Manoj S. Kamat said that National Assessment and Accreditation Council (NAAC) is primarily involved with assessment and accreditation of institutions with prime agenda to improve the quality of Higher Educational Institutions in India. Dr. Manoj S. Kamat added that NAAC has revised the Assessment and Accreditation mechanism to make it more technology based, digital, scalable, transparent and objective. The Revised Accreditation Framework (RAF) was launched in July 2017. It represents an explicit Standard Shift by the use of ICT enabled technology.

Vice-Principal Dr. F.M.Nadaf addressed that the Resource Person of the Workshop Dr. Ganesh A. Hegde is welcomed telephonically the day before Workshop.

Dr. Ganesh A. Hegde specifically projected the critical points in connection with Student satisfaction survey (SSS), uploading process of SSR submission, detailed insights of 7 criteria through systematic examples, SWAYAM platforms to take up different programs. He also said about the publication of research paper in Scopus Index Journals and increases the visibility of publication. Dr. Ganesh Hegde talked about "Quality Indicator Framework (QIF)- QIM & QnM", changes in the seven criteria, key indicators, fee structure, bench marks, etc.

In the vote of thanks Dr. Rupa Chari, NAAC Coordinator thanked Resource Person Dr. Ganesh A. Hegde, Principal Dr. Manoj S. Kamat, Vice-Principal Dr. F.M.Nadaf, IQAC Coordinator Dr. Sucheta Naik, all the Criterion Heads & Members, and Teaching & Office staff members.

The workshop was inaugurated by Dr. Manoj S. Kamat. The workshop was concluded with National Anthem.

**Summarized Feedback:**

**Brief Report of the Event:**

A workshop on "Creating Effective Learning using Bloom's Taxonomy" was organized by the IQAC of our College on 10<sup>th</sup> July 2021 with above mentioned Learning objectives and outcomes.

Class  
10/7/21

Professor Dr. F. M. Nadaf acted as the Resource Person. Dr. Nadaf was of the opinion that Bloom's Taxonomy is one of the most documented learning theories in the field of education. Educationalists frequently use Bloom's Taxonomy to create learning outcomes that target not only subject matter but also the depth of learning they want students to achieve, and to then create assessments that accurately report on students' progress towards these outcomes. Bloom's Taxonomy encompasses three learning spheres: the cognitive, affective, and psychomotor, and assigns to each of these domains a hierarchy that corresponds to different levels of learning.

He further opined that the different levels of thinking defined within each domain of the Taxonomy are hierarchical. In other words, each level subsumes the levels that come before it. Therefore, if we look at the cognitive domain for example we can infer that before a student can conduct an analysis, they first might need to *know* the methods of analysis, *understand* the different elements to review, and consider which method to *apply*. It is only then that they will be ready to conduct the analysis itself.
