SUB: Mentoring Report (Academic Year 2020-21)

Sir,

I am submitting herewith the Mentoring Report for the Academic Year 2020-21.

The Mentoring Programme or the 'Campus-based Mentoring' has been a Best Practice initiated by the College and practiced since from the Academic Year 2013-14.

The objective behind the programme was to provide a 'campus based role model' and a role model's message 'I will help you be whoever you want to be.' The assessment was that Young people need a helping hand to evolve themselves as responsible citizens and chart a success path to the career they choose.

Steps followed for planning, implementing, and managing a mentoring program:

All The Teaching Faculty serve as on Campus Faculty. The Co-ordinator for the Mentoring programme identifies the students to be placed under each mentor. During the Academic Year 2020-21 due to pandemic and switchover to on-line mode of learning, the mentoring sessions were also conducted on an online mode (both individual and group engagements). Personal one to one based meetings were conducted as the need perceived or need felt by the student. Also the students are provided with campus partners in learning and interaction through the Whatsapp Group.

The Campus based Mentoring Programme has evolved since and a step ahead in this direction was to project 'Shivaji' as role model for the students and 'Shivajayanti' has been celebrated with grandeur on the Campus and Shivaji's Bust has been installed at the college entrance. Also the 'On Campus Mentoring' has evolved in to an 'Inclusive Mentoring', creating opportunities outside campus.
